Foreword—

It is with the greatest feelings of happiness and satisfaction that we, the Seniors of 1922, present this the twelfth volume of the NORTHERN to our fellow students and alumni.

We have striven in editing this book to recall the memories and pleasant reminiscences of the best and happiest period of our lives, to portray the principal events of our college days, and to furnish a source of future enjoyment.

HISTORICAL SKETCH

The Ohio Northern University had its origin as a select school April 9, 1866, when Henry Solomon Lehr became its only instructor of fifty-six students. The select school lasted five years, till the fall of 1871.

The name was then changed to Northwestern Ohio Normal School, the first term beginning August 14, 1871. During the years of the select school there was only one Literary Society, organized in 1866. August 18, 1871 the Franklin and Philomathean Literary Societies were organized. Besides the regular normal and college work, penmanship, book-keeping, Science of government, and Parliamentary Law—not found in the old college—and surveying were offered at this time. In the second year of the Normal School English was added to the course. In the third year there were ten teachers and three Literary Courses: Normal, Scientific, and Classical. In the fourth catalogue is found a new department, Telegraphy. In the school year 1876-7 the Normal School, then located at Fostoria, Ohio, was bought by and incorporated in, the Normal at Ada. In the ninth year 1879-80, there was added a "Fine Arts" department. In the tenth year are found the new departments of Stenography, Mechanical Engineering, Architectural Drawing, and Elocution. The increase in Enrollment over the previous year had been 45 per cent, the result of increased facilities; a new building until a few years ago known as the administration Building, had been completed. In the school year 1883-4 was started the course in Civil Engineering and Architecture. The number of teachers was twenty-six. In 1884-5 the Military department was begun; three companies were announced. Wonderful strides were made during the school year of 1884-5.

The United States Government recognized the institution and appointed Lieut. Roberts as commandant. This year also were organized the College of Law and one year's course in Medicine. J. Ross Lee, an Ann Arbor graduate, was the first Dean in the College of Law, and Dr. J. H. Coleman had charge of the College of Medicine. The department of Medicine continued but two years, as the facilities were inadequate. This year the name of the school was changed to Ohio Normal University. In the catalogue for 1886-7 was found the announcement of the College of Pharmacy. Charles Ashbrook was the Dean.

In September, 1898, the Central Ohio Conference of the Methodist Episcopal Church contracted to buy the university, but the sale was not completed till in August, 1899.

Lastly, in 1904, the name of the school was changed to Ohio Northern University.

Education

If our republic shall endure
As a great, world-famous nation,
Then every voter must secure
A thorough education.

Whate'er may be the debt we owe
To the doctor, lawyer, preacher,
Our greatest debt, as all must know,
Is to the faithful teacher.

There must be one black sheep in the family.

The Miracle Man

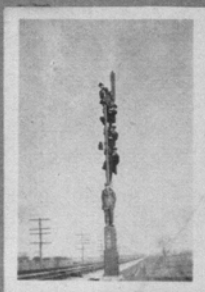

There was a desert of alkali 'till the Miracle Man came 'round
And cast a sort of hasty eye on barren and parching ground;
Then he made some lines and some figures strange
And summoned his slaves—and, lo,
The waters came down from the mountain range
And the desert began to grow!
He plants the sod with his magic rod
Which he squints through a tube to scan,
With a gleaming chain o'er hill and plain
Goes the modern Miracle Man.
There was a river that rose in flood
With terrible rage each spring,
Drowning its hundred and spreading mud
And ruin on everything.
Till the Miracle Man with his pencil made
Some figures hieroglyphic
And now the river is calm and staid,
A pattern of streams pacific!
There was a pass too steep to scale,
An Isthmus too tough to cut,
A swamp too boggy to hold a rail;
Said the Miracle Man, "Tut! Tut!"
He made some jottings, he called his crew—
There's a highway through the pass,
And ships are sailing the Isthmus through,
And trains ride the soft morass!
Through the wizard art of a pale blue chart
These miracles did appear,
For the Miracle Man on the Modern Plan
Is known as an Engineer!

The Lawyer's Creed

I hold this truth to be self-evident:
The province of the Law is to secure
To all alike the free enjoyment and
Development of their capacities
For Happiness. Wherefore shall I, be grateful
To God for all my opportunities,
Strive ever to become more learned in law;
That I may counsel well the ignorant,
Defend the weak and those who are oppressed
Diffuse sound principles among the people,
The champion of Private Rights stand forth
Against assaults of Power, even when
Disguised as Law; help mold that mighty force,
Public Opinion, into channels true;
With trust in God, and faith that Right at last
Must triumph still, with confidence in Man,
Fidelity to client and respect unto the Court;
Nor compromise with Truth, nor temporize
Because Expedience demands, nor shall
I barter these my high ideals for wealth,
Nor fame, nor power—great though it may be.
No higher recompense be ever mine
Than this—to know I have been true to my
Inheritance and faithful to my trust,
No traitor been to my profession high,
But worthy to be called a "Lawyer."

The Pharmics

On the corner of the Campus
Stands a building painted grey,
In the building dwell the Pharmics
And they work thru all the day.
Work like Trojans did of old
Mixing **up** their funny things,
Which to **us** seems quite peculiar
But to them it rapture brings.

Oh Northern has a Pharmics School
You can feel it in the air,
The Pharmics are a jolly bunch
You can see them everywhere.
On the campus, in the classroom
They're as gay as gay can be,
At a game or anywhere
The Pharmics bunch you're sure to see.

And in the clear, cool days of fall
When Hatchet day comes along,
They join their force with the Engineers
And sing a farewell song;
To the bygone days of yore
Where they scrapped on the campus green,
But they signed a truce and its holding yet,
So no more enmity is seen.

And when comes the final test,
They do not worry, they do not cram,
But as nice as you please, go forth
And take honors at the State Exam.,
So off comes our hat to the Pharmic bunch
To faculty, students, and all,
They'll always have a place high up
Forever, in fond Memories Hall.

None draws the soul so sweet away,
As music's melting, mystic lay;
Slight emblem of the bliss above
It soothes the spirit all to love.

We come to thee Oh Fairest Northern,
Our hearts we'll pledge to thee always,
From out the rudest clay you'll fashion
And shape our lives through passing clays;
And when life its toll has taken
And has decked our hair with gray,
Then fond memories awaken
And cheer us on our way.

It matters not what task be yours,
Our hearts and hopes shall be with thee,
Then we will honor thee Fair Northern
Through life until eternity;
And shall always stand defender,
Though the skies be dark and gray,
We shall work for Fair old Northern
Each day along life's way.

CHORUS

To thee our Alma Mater we raise our voice in song,
The Orange and Black forever shall guide our way along;
So like a light-house beck'ning, your rays point the way,
Your voice seems always saying, do well your task each day,
Then here's to clear old Northern, A toast to our college true,
May success be yours forever, my Fairest **O.N. U.**

This has been a most successful year in the history of the Y. W. C. A. at Northern. At the beginning of the year there was one very discouraging feature. Mrs. Lynde, the president-elect was unable to return to school. She had been such a faithful worker the year before, occupying a prominent place on the Cabinet and we hardly knew how we could get along without her; but at the beginning of the fall term an east-bound train brought back to school Rosa Betzel who had been most active in Y. W. work at Northern a few years before. She consented to become president of the Y. W. throughout the fall term, and she led our organization in a most masterful way.

At the close of that period she was called home to care for a sick mother.

The girls conferred with one another and it was decided to invite Nellie Fast to become our president for the remainder of the year. She consented and under her leadership the Y. W. has done most splendid service.

The members of the cabinet have worked in perfect unanimity of spirit which accounts for the wonderful success which the Y. W. has achieved the past year.

The regular devotional meetings have been held each Wednesday evening from 6:30 until 7:30 and the girls have had the great pleasure and privilege of listening to most interesting and varied programs.

1922

NORTHERN

Y. W. C. A.

The success of the programs is due largely to Viola Cox who has worked long and hard to bring the girls something worth while.

Each evening we had a spirited song service led by our Chorister, Margaret Fairchild.

The finances, under the control of Geneva Basil, are in perfect shape. The five hundred dollar pledge to our Sister College has all been paid. This year we sent two hundred dollars. We also sent twenty-five dollars to the Grace Stinebeck School in China, fifty dollars to the Russian Famine Relief and contributed to other worthy causes.

The Y. W. gives the many girls who take advantage of it a wide vision of Christian service, and a realization of the world's needs.

We feel that we have been lead in all that we have done by the hand of the Lord and when we have such leadership we can not fail. We most humbly and earnestly thank Him for his great blessings to us as an organization.

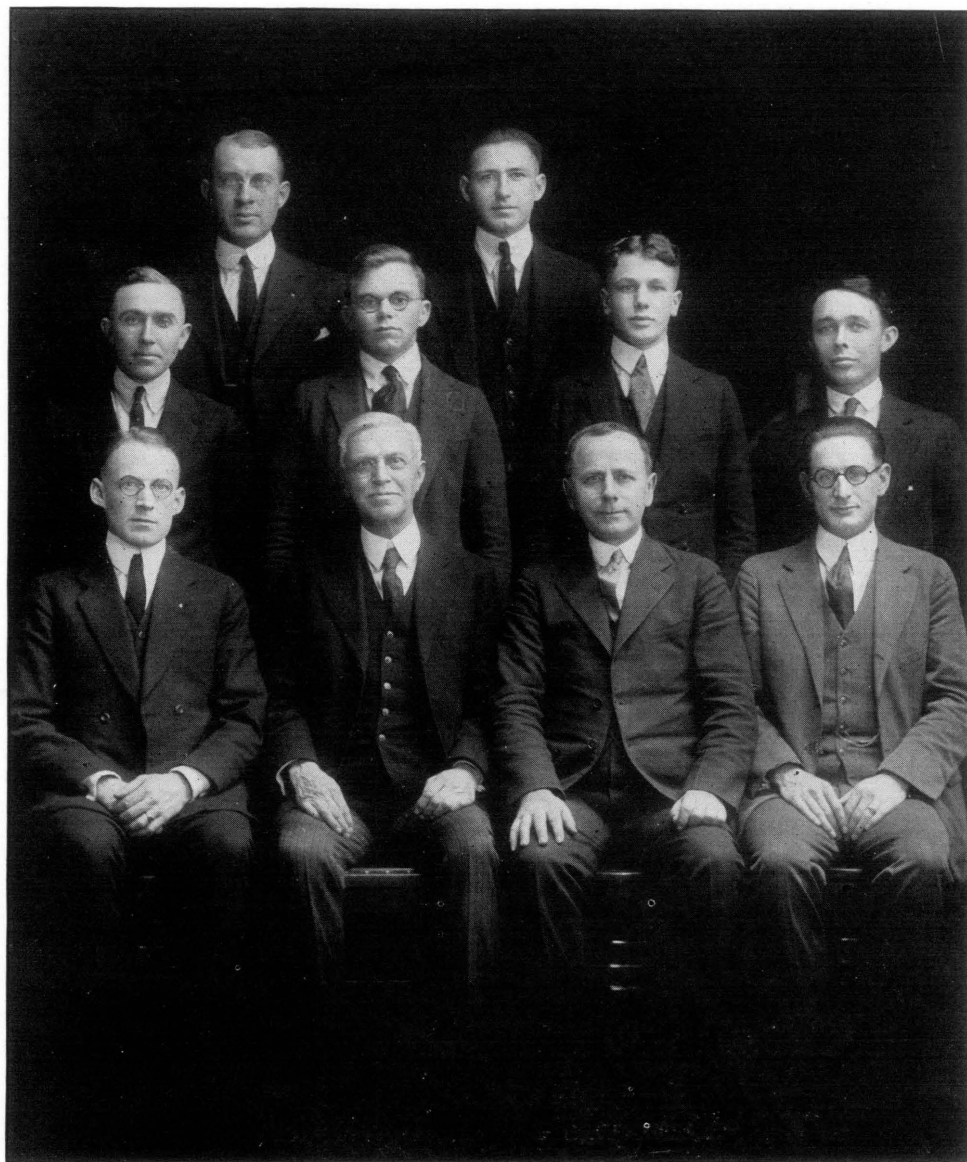

To knights in the days of old
 Keeping vigil on mountain height,
 Came a vision of Holy Grail,
 And a voice through the waiting night
 Follow, follow, follow the gleam
 Banners unfurled over the world;
 Follow, follow, follow the gleam
 Of the Chalice that is the Grail
 And we who would serve the King
 Keeping watch here along the way
 In the consecrate silence know that
 The challenge still sounds today.
 Follow, follow, follow the Gleam
 Standards of worth over the earth
 Follow, follow, follow the Gleam
 Of the light that shall bring the dawn.

The influence of the Y. M. C. A. has grown rapidly and steadily throughout the year. Today, this association is second to none in activity, enthusiasm, and power.

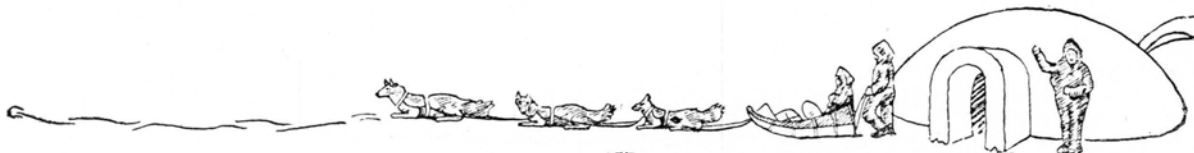

Furnished with splendid and decidedly keen competition by the Y. W. C. A., across the hall, the Y. M. C. A. arose to its position for service to every man in the University. Unequalled devotion services every Wednesday night proved the high type of Christian manhood that O. N. U. may proudly claim.

The poster contest brought forth a hurricane of pep-signs boosting the Y. M. C. A. Men seeking employment obtained it through the efforts of the association. Those seeking rooms were cared for.

Chess and checker boards commandeered leisure study hours of our many experts.

The cabinet deserves the well earned plaudits of O. N. U. President Howard Meyer, by his untiring efforts, led the organization to success in all its activities.

An earnest effort has been made to secure a General Secretary for full-time work in the Y. M. C. A. The towns people have taken an active interest in the Y. M. C. A. and its good work, they being represented by Dr. G. S. Wilcox, John Stambaugh Jr. and George Rothrock.

The objects of the Association are to promote the social and economic welfare of the engineer, and to stimulate and encourage public service in the Engineering Profession.

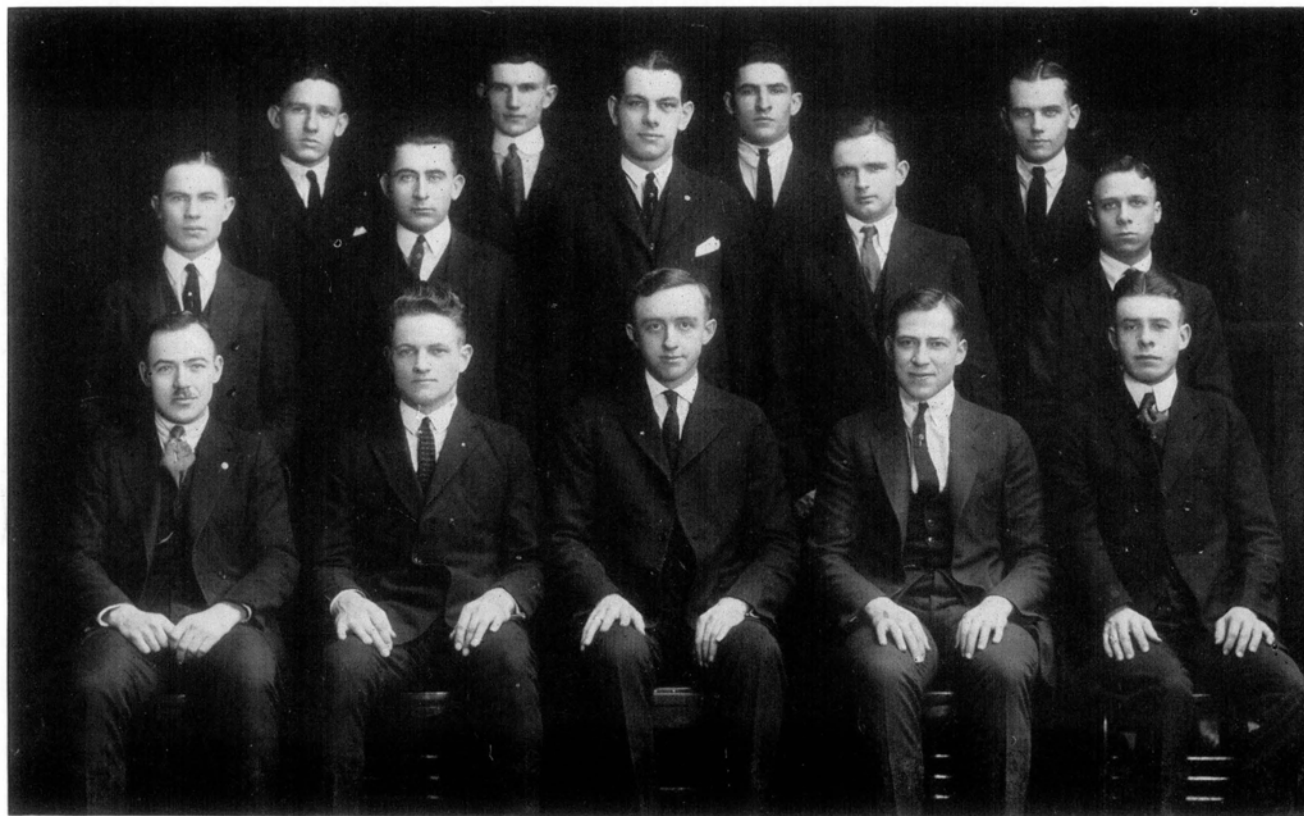

The Ohio Northern chapter fulfills these objects by supplementing the work of the National Headquarters. A service cleaning-house is maintained for members of the Association. It affords a means for the interchange of information beneficial to engineers, influences legislation for the protection and advancement of the profession, and fosters a spirit of co-operation which can not be so fully realized in any other way.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS

The Student Chapter of the A. I. E. E. at O. N. U. holds a unique position in that it is the pioneer Student Chapter of A. I. E. E. in Ohio.

The Chapter was established Feb. 12, 1912. Since then it has more than kept its place in membership and attendance as compared to larger schools.

All electrical students who have taken some electrical subjects are eligible to membership. Throughout the year students have been given opportunities to present addresses on electrical subjects. Dr. Smull, Dean Alden and several other professors honored the Local Branch with interesting talks during the past year.

The auxiliary to the Local Branch established by Prof. Turner in 1920 extends the social and educational benefits to those students who are not eligible as student members of the national organization.

Besides the social and educational benefits of the Local Branch, student members receive monthly the "Journal of the American Institute of Electrical Engineers."

The Local Branch intends to have Club Rooms for the use of its members both student and auxiliary in the coming year.

OHIO NORTHERN EDUCATIONAL ASSOCIATION

President RALPH GALLAPOO

Secretary-Treasurer HAZEL B. BELL

The Ohio Northern Educational Association has been organized annually for the past six years, the present society being one of the largest in the history. Practically every member of the College of Education is a member of the society.

The objective of this organization is to aid prospective teachers by giving them an opportunity for discussion among themselves and listen to discussions by prominent and successful school men and women.

The N. S. M. E. was organized during October, 1920, through the efforts of a number of Mechanical Students and with the aid of Prof. Jas. Brakes.

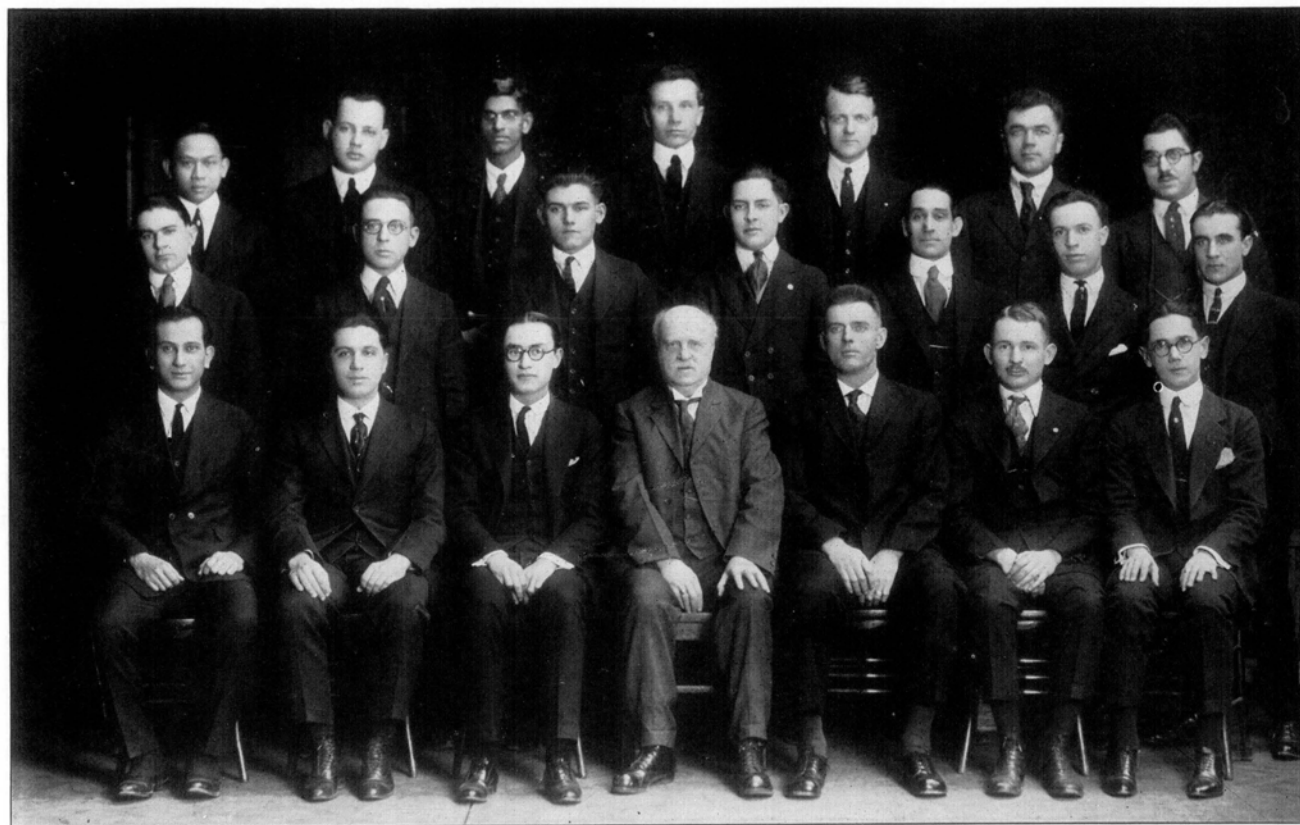

These men realized the necessity of such an organization at Northern and it has been developed primarily for the petitioning to the A. S. M. E. for a Local Chapter of that Society.

It has been with that goal uppermost in mind that we, the Seniors, have given our support and it is with regret that we must leave before accomplishing that task.

The Society is greatly indebted to Prof. Campbell, Dean Alden, Prof. Carpenter, Prof. Eeckwith and Dr. Smull for their generous co-operation and instructive talks during the year.

The Mechanicals of '22 wish the Society success in its future activities.

The Universal Club was organized during the fall of 1919 by the O. N. U. foreign students and Doctor George Anderson, Welfare Director of the University. Its purpose is both social and educational; social, by cultivating the spirit of friendship among its members; educational, by promoting weekly meetings where topics of interest are discussed by the members of the Faculty and prominent citizens of the town.

As it is, the Universal Club is one of the most active organizations in the school. It has a considerable membership and is open to all University students.

O. N. U. BAND

One of the most progressive organizations in the University is the band. Within the last decade the membership of the band has increased from fifteen to fifty musicians. Most of the men have had experience with professional bands previous to their coming to Northern, and as a result the band has rendered numerous classical and standard concerts which compare favorably with the noted concert bands of the country.

For years the band's uniform has been the regulation olive drab, but since the abolishment of military training in the institution the band had to seek new uniforms. Consequently a thousand dollars was expended for the purchase of orange and black uniforms.

The first public appearance of the Band was at the Western Reserve-Northern game in Cleveland. Before the game the band paraded down Euclid Avenue and was given a hearty reception by the vast multitude of spectators. After the game the band delighted the guests of the Statler Hotel with a short concert that **was** very well received. In fact, wherever the hand appeared it was always received with a welcome demonstration.

The band will render daily concerts during Commencement Week for the entertainment of relatives of the seniors, alumni and friends.

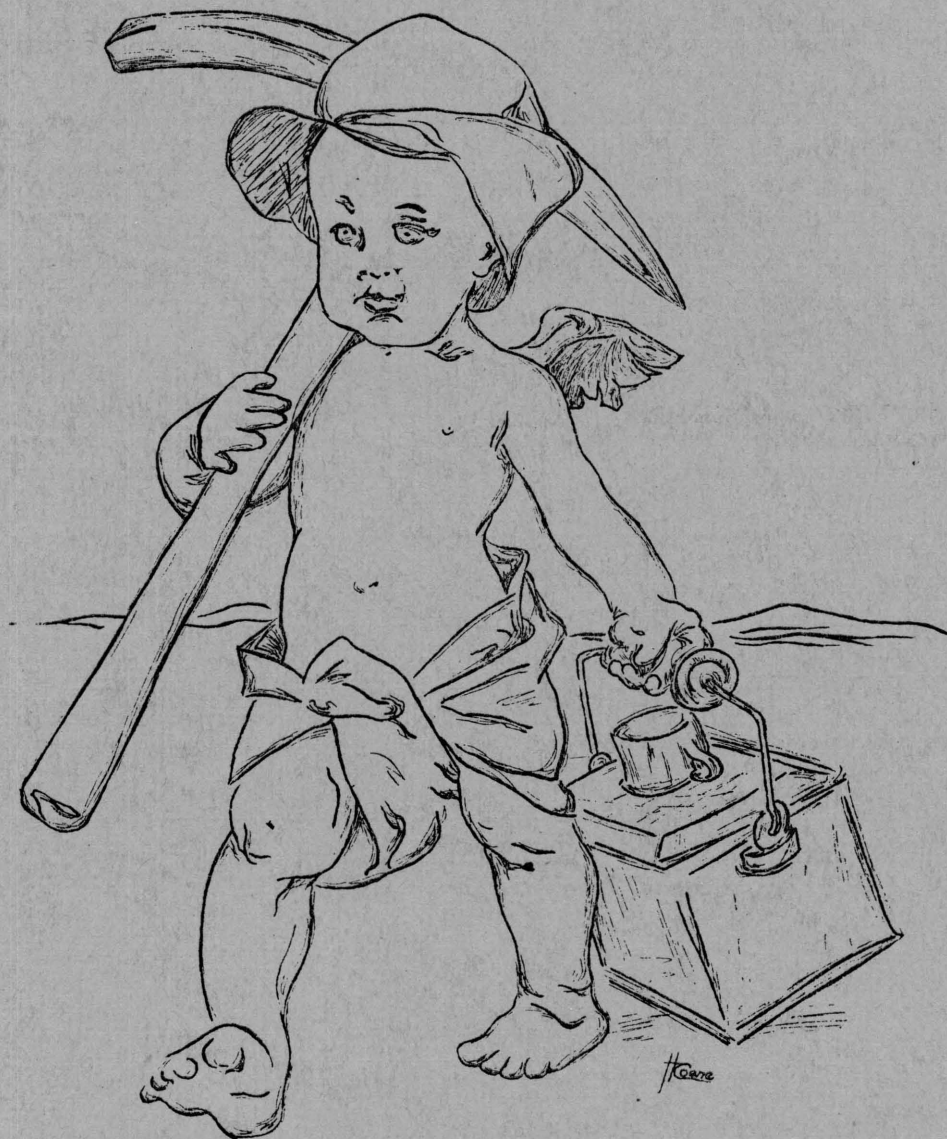

The following musicians deserve honorable mention for the faithful work they have done in the past:

Every program of the summer term was a special program. The debators vied with the orators and lawyers in making each meeting attractive and educative. Perhaps most interest centered in the High-School night when pupils from near by high schools presented the program, and at the same time were introduced to one phase of college life.

The Baseball-team captained by "Bill" Kair, won the inter-society championship. Success is sure to follow Adelphianism at O. N. U.

During the fall term the Adelphians carried on their literary work with even greater energy and enthusiasm than shown heretofore. The Programs were both educational and entertaining and covered all phases of literary activity. The outstanding features of the term, among other things, were the girls' debate and the program given by the local high school.

The Adelphians showed unusual interest and enthusiasm during the Winter Term. The weekly programs were given, largely by volunteers who desired an opportunity to appear on the Adelphian stage. The "Ohio Program" was very interesting and instructive, and will be remembered for its historical and literary value. The cooperation, the new members, the literary spirit and the attractive posters made this a "booster" term for the Adelphians.

Good attendance and splendid programs characterized the spring term and every Loyal Adelphian showed enthusiasm. A musical program and "Officers' Night" were features of this term as was the Crile Oratorical Contest. Our old Adelphian, Frank B. Willis, was given a reception by the society upon his arrival in Ada to deliver the Commencement address.

The Adelphian Society has maintained a high standard throughout the year, leaving the future bright for a Bigger and Greater Adelphian.

MARGARET FAIRCHILD

SENATOR FRANK B. WILLIS, ADELPHIA'S GREATEST

Copyright, Baker Art Gallery,

Throughout the ages of history we behold glittering examples of men who electrified the world with their oratorical genius. Rome listened spellbound to Cicero; Greece marvelled at Demosthenes; England lauded Burke; America honored Webster; but Adelphia sings praises of Willis. And as the world has glorified the deeds of these orators, so will it acclaim the achievements of Frank B. Willis, when the present age has passed into history.

The Adelphian motto, "Ad Aspera Per Aspera," has been his precept; through all his years after college it has been his guiding star. So that he is rounding out a half century of life Senator Willis has reached the pinnacle of fame. From the State Assembly he went to Congress; then he was chosen by the people of Ohio to become its chief executive; and in 1920 he was sent to the United States Senate by an overwhelming majority over his opponents. As he now wears the toga, he has climbed the ladder of fame to a supreme height, but Adelphias' expectations are not yet fulfilled.

Senator Willis is noted for his principles of justice, his integrity, his knowledge of the law, and his straightforward and true Americanism. His personality is irresistible. All who come in contact with him love him. In his comparatively short political career he has already made himself a prominent figure in both national and international affairs. His marvelous gift of oratory became known to all when he executed that

wonderful nominating speech for Harding at Chicago that was largely instrumental in the naming of the President.

In his college days at Ohio Northern, Frank B. Willis developed into a literary lion, and time and time again did Adelphian hall resound with the pleasing tones of his strong, persuasive voice; time after time he engaged in what were then colossal forensic and oratorical contests with men who are also nationally known. It was the Adelphian Literary Society, Senator Willis tells us, that gave him the much desired opportunity for public speaking. Here stands an eminent example of what powers in man the literary societies can develop, and what Senator Willis has accomplished can in a measure be achieved by students who participate in Literary activities.

The world and nation claim Frank B. Willis as their own, Ohio as an illustrious son, Ohio Northern as a famous alumnus, but Adelphia has him for a brother.

Adelphia has a wonderful past, a bright present, and a brighter future.

In Philodom

A bit of red from the leaf of a rose
Was stolen one morn in June;
From the meadows sweet where the butter-cup grows
Was caught the gleam of the moon.
To these was added the lily's pure white—
Virtue, value, and valorous might.

And so, 'tis said, the Yellow and Red
Mingled so well with Purity's White,
That they were chosen in rare delight:
Philos' Yellow and Red and White.

Labor, by strength of heart and mind,
Conquers surely, as conquerors do,
All that tends to shackle and bind
Everything that is good and true
"Labor conquers all" 'twas said,
No excellence but it has led;
Bold and clear—without a peer,
It's message flashed a light ahead.
And so the motto long since was read,
For Philos' Yellow and White and Red.

Those bars of Red and Yellow and White,
Beside the flag of the Orange and Black,
Still in our hearts shine fair and bright;
Never shall they in their course go back
And ever that motto upon our wall,
Recalling that "Labor conquers all,"

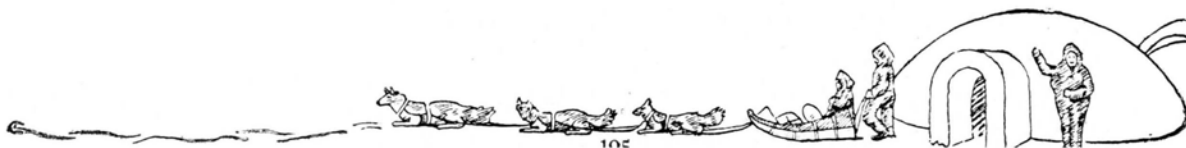

Renews the trust that conquer we must,
And fills with the light of faith our hall.
Staunch and noble, and trusty all,
Philos loyal will heed that call.

Not only were we able to give good programs but we were placed on a stronger financial basis than for some time past.

OHIO NORTHERN DEBATING ASSOCIATION

Northern's Inter-collegiate Debating Association began its work in the latter part of the Fall Term under the following officers who had been elected the previous spring. President John E. Bauknecht, Vice-president H. P. Armstrong, Secretary and Treasurer C. G. McCorkhill.

Weekly meetings were held in which the debators discussed questions of public interest until the Conference Question was selected.

Professor Niswander represented Northern at the Ohio Debator's Conference, where he secured Otterbein University and Heidelberg as Northern's opponents upon the Conference Question, Resolved: That the application of the principle of the Closed Union Shop would best serve the interests of the American people.

The tryouts were held January 17, following weekly practice debates upon this question under the advice and guidance of Faculty Coaches, Professor Freeman, Judge Henderson, Professor Binkley, Dean Huber and Professor Niswander.

From the twenty aspirants for positions, the following teams were chosen: Affirmative Team, C. G. McCorkhill, Captain; David H. Thomas, Carter Patton and H. P. Armstrong, alternate; Negative Team, John E. Bauknecht, Captain; Charles Taylor, Robert Fitts and O. C. Miller, alternate.

Determined work and preparation by both debaters and coaches placed both teams in excellent condition and the Negative Team inflicted revenge upon Otterbein for past victory, by decisively winning a three to nothing decision of the judges at Lehr Auditorium, March third.

Although, presenting splendid argument in faultless style, the Affirmative Team suffered defeat at the hands of Heidelberg upon the same evening at Tiffin.

With four members of this year's team returning, the prospects of a successful season for next year are promising, and the awakened interest of the student body in debating is prophetic of Northern's future accomplishments in forensic endeavor.

DEAR OLD NORTHERN

When we all get back to Ada
 In the early days of fall,
 To the dear old school of Southern
 Which to us is all in all.
 And ne see the old familiar faces,
 For which we've longed the summer through
 And we greet our campus comrades
 With a hearty "How-de-do."

There's a feeling then of rapture
 Stealing o'er each noble breast,
 For the friends we love have gathered
 From the North, South, East and West.
 How we longed for this reunion
As the summer days dragged past,
 But oh, the grand and glorious feeling
 Now that we are back at last.

Ah, the first sight of the campus
 Filled our hearts with love aglow,
 As we beheld Dukes, Lehr and Hill
 All standing in a row.
 And the cannons on the campus
 And the clock within the tower,
 Guards Old Northern's sacred honor
 And tolls out each passing hour.

Thus we come from farm and city
 To your portals we hold dear,
 To uphold your old traditions
 Through another pleasant year.
 So we greet you dear Old Northern
 May your colors ever fly,
 Till the whole world knows thy glory
 And exalts thee to the sky.

CHARLES W. BOLEN

Ohio Northern became a member of the Big Six conference in 1916, but until three years ago was one of the unknown members. In 1919 Coach Bolen took over the reins and from that time forth, while never having a championship team, Northern has been able not only to hold her own with the best, but has been able to win her quota of games in all sports. This has been due to a very great extent to the superb work of Coach Bolen. Not only have the teams been improving year by year, but he has been able to instil good sportmanship to the nth power among the students. Coach Bolen knows all three sports both theoretically and by practical experience besides possessing the uncanny ability to make all his men love him, this is we believe the keystone to his success, for in a tight place the teams gave that extra-human effort for the Coach.

Coach Charles Bolen, is a product of Ohio State where he made not only his letters, but was picked by Walter Camp as All American in football and was chosen All Western in basketball, besides being a star in baseball.

Last fall "Shifty" found that he had to build an entire new back field which he proceeded to do. The team got away to a bad start, but surprised the entire conference by winning the last four of a six conference game schedule in decisive manner. At the end of the season it was no surprise to find three men on the All State team.

Basketball started in much the same way due to the fact that an entire new team had to be built. Here again Bolen showed his superior ability in surmounting all difficulties and by mid-season he was coaching a whirlwind team, losing to the conference championship team by only one point, and that made in the last few seconds of play.

Too much cannot be said for Coach Bolen, he is the ideal type of a man for a successful coach, his very appearance and make-up give confidence to a team and to the school.

It is indeed with sorrow that we say good-bye to Coach Bolen at the end of this his last season at Northern. He has filled all our expectations as a coach and a gentleman and we will always have a warm feeling for him.

The best of luck to you Coach and may you always turn out teams that are able to beat every school but Northern.

FOOTBALL

T. S. COTTRELL, *Mgr.*L. C. SLEESMAN, *Faculty Mgr.*

In any form of contest the best wishes of the impartial and the admiration of all are for the under-dog who will, surmounting all odds, put up a game fight and who will come out in the long run the winner. Northern has for years made a desperate effort to put out a winning team and her hopes pinned especially on this year's football team. At the first call hope ran high, but before the first game, due to several complications; the team was not pulling together as a team should. It was in between halves of the fourth game that they received the necessary inspiration from Coach Bolen, and from then on started to make a name for themselves. It was too late, however, in that game to put over the winning score. The fact they did come back and do all that could be expected of any team is honor enough, but more honor came their way as two men were picked for the All State Team and two more mentioned. We cannot, in this brief space, give the praise that is due the team and the coach. Those who know all the facts realize the true worth of the entire squad and we cannot say more.

RESULTS

The first game of the season was with Bluffton "at home." This was a very poorly played game on both sides, but Northern was able to win easily by a score of 47 to 0.

For the real opener of the season the team went to Detroit and put up a wonderful fight against the strong Detroit University team, but lost by a score of 35 to 0.

At this stage of the season the complications were at their worst and although Northern played a hard game she was unable to score on the Champion Miami Squad. Although the team lost, the school won, for never has such a brand of sportmanship been seen on this field or any other as was displayed by Northern rooters. Score, Miami 27, Northern 0.

It was while at Akron that the team finally found itself, but too late to turn a defeat into a victory. No man on the squad will ever forget the talk by the coach in between halves and none of the spectators could help notice the difference when the team again came on the field. Northern put up a valiant fight in the last half, but lost by a score of 26 to 7.

Hiram was the first to meet our inspired team and went down to defeat to the tune of 35 to 0 on their lot.

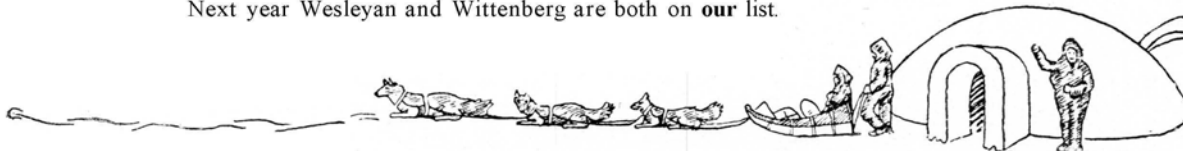

Next in line came Reserve at Cleveland who came out the loser in a 6 to 0 deal. In this game Fisher made a 65 yard run and Shank one for 25 which ended in the touchdown.

Then came our ancient rival, Heidelberg, over to see us and she went back covered with mud and beaten 13 to 0.

Too much good luck had come our way and we were doomed to a disappointment at the hands of St. Xavier at Cincinnati. We lost 13 to 0 due to hard luck and St. X's right half-back.

Every school has a rival whom it would rather beat one game than win all the others. Northern is lucky as she has two. Ohio Wesleyan and Wittenberg. Wesleyan was not on our schedule this year, but Wittenberg was and on Thanksgiving she had to bow down to the Orange and Black to the score of 7 to 0.

Next year Wesleyan and Wittenberg are both on our list.

1922

NORTHERN

Siegel, captain of the Orange and Black team, was the all State choice for guard of the present season and second choice last year. To the people who knew him he was **just** "Buck," a player that any school would be proud of. He knew the game, could handle his men and never lost his head, what more could be said of any player.

Florida, right end, was another high class player. Although, not very heavy, "Hess" smashed into the biggest of them and got away with it. His stellar acts were getting down under punts and breaking up plays before they got started.

Fisher, the most feared in the backfield was chosen for the right half position on the All-Ohio. "Squirt" passed, punted, drop kicked, bucked and circled the ends with equal proficiency. This was his first year in college circles and great things are expected of him again next year.

1922

NORTHERN

Lewis, the running mate to Cummings, played his first Varsity ball this year. These two boys made a wonderful pair and should be able to make things hum next season.

Prichard, was another who got away to a slow start, but made a name for himself in the last games. "Bull" was the biggest man on the team and played guard next to Buck. His record is three blocked punts in one game.

Berta, end, knew the game and could play it when necessary, hut this year he gave the other fellow a chance and contented himself by sitting out the most of them.

1922

NORTHERN

Swisher received honorable mention for the full back position on the Mythical Ohio Team. His best performance was hitting the line, but he could also pass and run the ends with skill.

Shoup, playing at guard, was another of our big men and second only to Prichard. He played hard throughout the season and is expected to be the mainstay of the line next year.

Sawyer, left end, was one of the most dependable ends in the entire conference. Tommy was great on receiving passes and breaking **up** end runs. He could also kick when called upon.

1922 NORTHERN

Seitz, center, was mentioned in '20 as an All-Ohio man, but this year got away to a slow start. In mid-season he "came back," however. He was an accurate passer and always figured in forward pass defense.

Cummings, right tackle, has been one of the stand-bys for two years. "Lou" is a wonder when he is peaceable, but we would like to see him if he ever gets mad.

Greer, captain elect, was at the first of the year an understudy of Siegel's, but soon won a permanent place of his own. "Silent Bob" was a hard sure tackler and could play as well in the backfield as on the line.

1922

NORTHERN

Shank, quarterback, was also one of the men Bolen had to get acquainted with in the fall. "Jew" was fast and a hard tackler. He was picked while in High School as the brainiest quarterback in Ohio.

Allcroft, was just getting his bearings this year, but has the makings of a winner. Jimmie is fast and can hit the line like a pile driver.

Lieske, tackle, played his first year of college football this fall. Although inexperienced, he became one of the most aggressive linemen toward the end of the season and could play most any position in the line.

1922

NORTHERN

Bow, another end, was just learning the game this year and we look toward him as a valuable man for next year.

Cripps, played his first year of football this season and while never setting the world afire he was never found loafing.

BASKETBALL

F. J. DECKER, *Manager*

Basketball started out much in the same manner as Football, with plenty of good material, but not getting started soon enough. They lost several games before they knew the season had started, but later came back and played the best of them off their feet. The Ohio University game at home, the Cincinnati and the New York Nationals games were the sensations of the season. Northern lost the first two of them by small margins, but won from the Nationals by a good majority.

The season opened with the McCormick five at home and we lost 41 to 20. The visiting team were experts in their line and this was no disgrace to lose to them.

Bluffton bowed to us the next week at their place of business 15 to 13. Both teams played listless ball throughout the game, but Northern held their end up a little better than the Menonites.

Northern lost the next two in a row on a trip to the northern part of the state. The Rosenblums took us over the first night in a well played game 44 to 23, but little can be said for the following night at St. Ignatius for the playing and the sportsmanship of the home team. Northern lost 39 to 26, and

it is easy to see why the Saints are not able to get in the Conference.

The next try at home was a wonderful exhibition of real basketball. Cincinnati won 36 to 34, and no one knew how the game was going to come out till the last whistle sounded. Spellman went wild in the last half and brought the crowd to its feet several times with his long shots.

Again Northern played two games away from home and lost the first to the State Champions at Athens 45 to 13, and to Otterbein 28 to 26.

The team redeemed itself in the local gym the following week by winning from the New York Nationals 31 to 28. This was one of the best games of the season and was a distinct surprise to all who saw it.

Bluffton again tried her luck and went home on the small end of a 32 to 15 score.

Chick Harper's team from Wilmington was the next victim on the list and they got theirs by a score of 23 to 19.

The following game was the real game of the season. Ohio University came up expecting an easy time and Northern went in to scrap. Ohio trailed all during the first half and never overtook our team until the last few seconds of play, when they were able to score a lucky one from the center of the floor as the last whistle blew. Score 28 to 27.

Otterbein received a drubbing soon after by the score of 36 to 29.

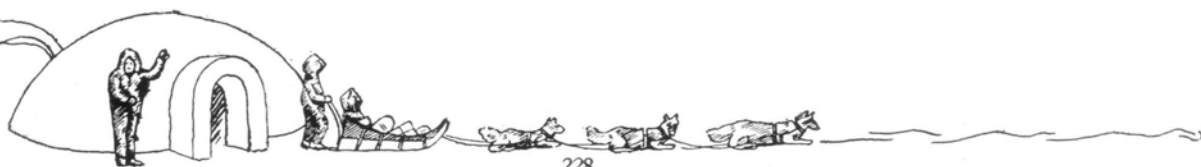

Wittenberg retaliated for their defeat on the gridiron by winning from us 28 to 15.

Northern once more displayed its old fight spirit by coming back in the second half of the Heidelberg game and winning 30 to 27.

Cincinnati defeated us the last game of the season on their floor by a score of 32 to 21.

On the whole Northern had a fairly successful season considering everything.

It was after the basketball season that we were compelled to say good bye to Coach Bolen. Coach gave his very best for us and it was a hard blow when it was announced that he was not to pilot our teams in the future.

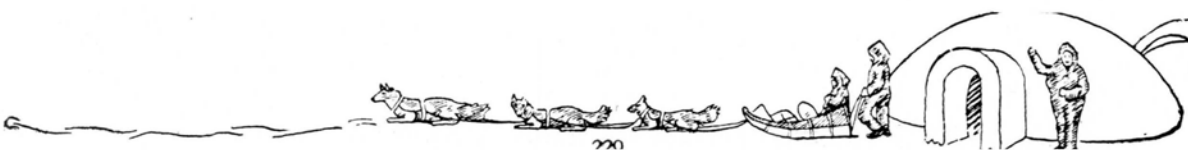

1922

NORTHERN

Berta, captain and forward was one of the most consistent men on the squad. He is quick, a good shot, and always in the thickest of the play. He possesses an uncanny accuracy in shooting fouls and seldom did he miss. This is Pete's last year and we are sorry to see him leave.

Money, center, was the tallest man on the team and perhaps the most accurate short shot. Due to sickness he was handicapped most of the season, but when playing was a player of unquestionable value. Red has two more years of Varsity service.

1922

NORTHERN

Miller, three letter man, played his last season of Varsity ball in the most approved style. Nardi has been the big mainstay on the team for three years, his accurate shooting winning many games. His graduation leaves a big hole to be filled next year.

Fisher, captain elect, was perhaps the fastest man Northern has put out for some time. He was always in the game and his dribbling was a feature. He never failed in a pinch and was always a little better than his opponent.

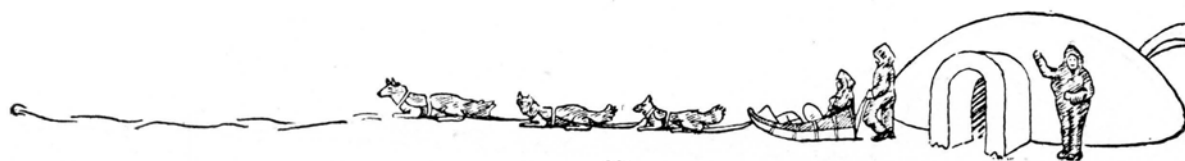

1922 NORTHERN

Spellman, guard, was the long shot king of them all. Spot was always in the thick of the fight and aggressiveness was his motto. His record is five goals from the center of the floor in one-half period.

Smith, while playing a substitute position was a very able man. He is practically a sure shot when coming to the basket. He has two more years and should develop into a star before the expiration of that period.

1922

NORTHERN

Vinocur, started the season while still suffering from football injuries. He was never able to do his best this year, but those who saw him the year before can never forget him as a sure running shot from any part of the floor. We are truly sorry that this is his last year.

Greer, was one of the beginners on the Varsity this year. While never creating a sensation he could always be depended upon for his best. He too should be a great asset next year.

1922

NORTHERN

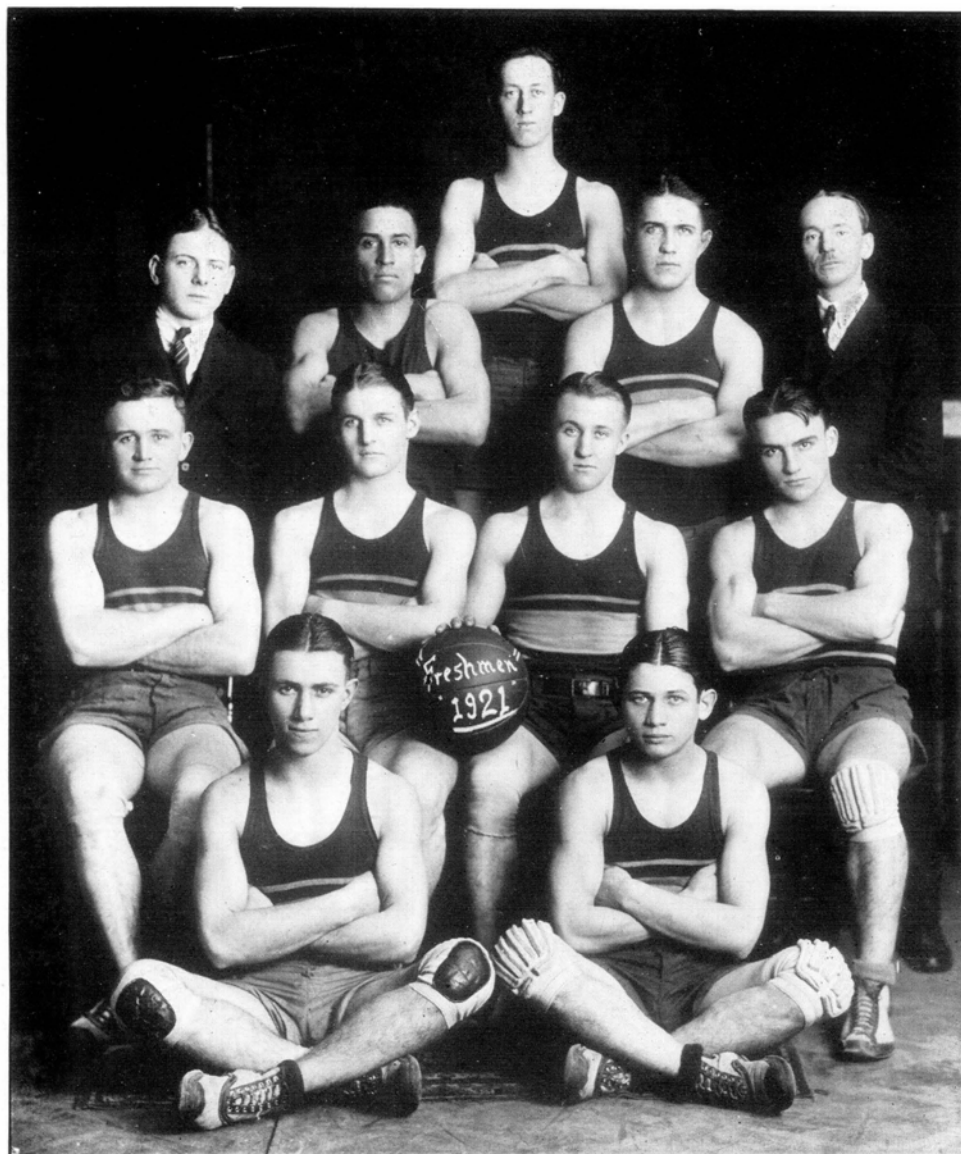

Cummings, got away to a slow start, but in the last few games was able to show his worth. His shots looked lucky, but he was too consistent for that to be true.

Sickles was another slow starter and just as he was coming into his own he was put on the injured list for the remainder of the season. Chief is fast and should have a regular berth next season.

It would take a seventh son of a seventh son to any ways near give an accurate account of the baseball season at this time, but if Northern is given an even break the team should be a winner. At the first call forty men responded, most of whom have had quite a bit of experience. With such a start Coach Newton's hardest job should be in picking the best players, as there is very little difference between some men trying for the same positions.

Out of three men for the backstop position, McConnell looks a little the best. Berta, Cap't, is the mainstay for the pitching staff, but he has three able assistants in Prudent, Adler and Gehr. Drury and Wander are still fighting for the first sack. Spellman has the key-stone place well cinched as have Wiseman at short and Fisher at the hot-corner. Sawyer has a place well settled in left and Remlinger looks good at center. The other place is yet to be filled, but Cripps is the logical contender as he is a hitter as well as a fielder. The other men are Shank, H. Greer, outfielders; Ponsette and Lewis, infielders; Bob Greer and White catchers.

Northern has a very hard schedule, but with the experienced men at hand it is hard to be anything else than optimistic over the outcome.

More interest has been shown in the intramural contests this year than any time previous. The percentage system was installed which proved to be much better than the elimination system used before, allowing teams to remain in the contest that had been defeated and thus giving them a chance to redeem themselves. Many good teams were placed on the floor, especially in the fraternity league and the Sigma Phi Epsilon deserves credit for its great record.

THERE'S A REASON

I know a lot of pretty girls,
Who drive their own machines;
And some are fast—the cars I mean,
But none is just like Gene's.

Nancy has a Hudson,
Its motor makes me cuss;
Gene has no engine trouble
With her tricky little bus.

Julia has a Buick,
A good car in its way.
I often ride with Mary
In her nifty Six coupe.

Helen has her big Cole Eight,
And Olga's Stutz is fine,
Sallye's Chandler sure is swell
But Gene's gas cart for mine.

These girls are nice, so are their cars,
But I'm real strong for Gene
As long as she can drive her dad's
Pierce-Arrow limousine.

And she walks the streets all over the town.

They appeared very rapidly, as everybody seems to be very fond of them.	20 Tau Kappa Kappa entertains with a Chinese dinner. The Cunningham reports increased sales in silk hosiery.	21 Our chapel enthusiast offers his appreciation of the great honor which we have bestowed upon us, in having with us, Dr. Drudly, who has been Dr. Anderson's spiritual ad-	22 Again we are asked to check up, and our desires for the luxuries of life are weighed in the balance by Dr. Smull, as he calls forth our support of the lecture course.	23 The canines still take a great interest in chapel. Prexy has made many threats, but still they persist in rubbing their fur against silk hose.	24 Northern starts the season in true style, by knocking the fence out of Bluffton for a 47-0 count. Sigmund entertains with a smoker, befogging the minds of their guests.
25 Some of the boys enjoyed a snipe hunt near Hog Creek. Snipes are usually plentiful at this time of the year, but the boys claim the negative.	26 The opening number of the Artists' Lecture was enthusiastically received. Mr. Riccardo Martin entertained in a most classical fashion.	27 Somebody is always taking the joy out of life. The Plots have already begun to warn us about the exams. Wont we ever have a minute of peace?	28 Mike launches an enormous tag campaign for the benefit of the band. All the girls took an interest in selling tags, as they were with Mike in the opinion that Glenn Cripps needed a new bass horn	29 Dr. Davison, reading an announcement, displays his unforgiveness of things as they are. "Lost: a 'ballot slipper. Return to Hotel Young."	30 George G. Green follows his usual custom of visiting home.

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
						Prichard was orna- mented with a black eye, the first casualty of the football season. We wonder what freshman had all the nerve?
The Blue Law Day, but in spite of the fact, the shuffling of the paste- boards, and the noise of the galling domi- noes can be distinctly heard.	The Y. W. C. A. girls sell hot dogs on the campus. They were ap- preciated by everyone, but the remark was heard that they were a little stale, as com- pared with Louie Vino- cur's brand.	A spell of sadness was cast over the chapel service by the an- nouncement of the death of John W. Thompson at five-thir- ty A. M.	J. Austin Potter enters the sea of matrimony. We wonder was it the waves of his hair?	School is closed, and the students pay their last respects to their beloved and highly es- teemed Prof. John W. Thompson.	The football team em- barks for Henry's home town. Mack is present with his band, and gives the boys a rous- ing send-off.	DETROIT 30, Northern O. Outside of Buck get- ting his side caved in, Swisher a sprained ankle, Coene knocked dizzy, Shoup with a dis- torted face, Cutie Shoup with a smashed hand, and Seltz with his stomach turned over, one would never know the team had been to Detroit.
They say, Ellaby, the woman hater had soft- ening of the heart while in Michigan, and visited Ann Arbor.	Glory Be!! We had an extra half hours sleep this morning due to the fact that Monday carries with it no chapel sentence.	Neighbors and students gather in chapel to wel- come Dr. Smith, only to learn that he has just landed in New York.	John Wesley Hill speaks in chapel pointing out the evil of students go- ing through college in- stead of living the col- lege go through them.	Prexy is welcomed back home. Mrs. McCoppin presents him with a bouquet of roses in chapel, with words so honeyed and sweet such as only she could use.	Jerry Kalbfleisch is elected cheer leader. The freshmen display their ability in the art of yelling and are be- lieved to be a noisy gang.	Miami trims Northern on our home-coming Day. Many of the old studies were back, and everybody seemed to have a spirited time.
Everybody in mourning over the sad occasion of the passing of "Chuck," the Delta Theta Phi male.	N. W. Tobias advertises a special sale on "Bill- iard Ball" hair tonic. Prof. Raspo comes forth as an enthusiastic sup- porter.	We were all surprised to hear that Prof. Hamsher had started to "Gamble," leading Vera as his third card.	The Y. M. and Y. W. join together in a social gathering. A light lunch of P. and P. (peanuts and pickles) was served, and judging from the numerous shells which littered the floor, every- body enjoyed the event.	E. L. Bird announces that he has taken charge of the "Hitch- Quick" memorial bu- reau, which caters es- pecially to the bashful and unassuming.	Senior class elects offi- cers. Glenn Cripps elec- ted by a large majority. His experience as an army officer qualifies him to lead this gang of rebellious Seniors.	YE GODS!!! Northern receives an expected defeat at the hands of Akron
The truck riders return from their bumping trip to Akron, and the as- sumption is that meals will be served from the mantle shelf for several days.	Still some stragglers from the rubber city are arriving by way of the side door pullman.	Engineers are anxiously watching the slow re- modeling of Duke's building, wondering if it will be completed by commencement time.	Fat Shoup declares that his good health and sound mind are direct results of constant use of Lydie E. Tankham's vegetable compound.	Ten Days, and "Billiard Ball" hair tonic, have considerably dampened Prof. Kump's enthusi- asm and few remaining hairs.	The student body re- joices over the fact that "Bull" Prichard again attended a prayer meet- ing last night, and hopes for the ultimate reformation.	Lehr Auditorium was a scene of great rejoicing and enthusiasm as the wire announced Nor- thern's victory over Hiram.

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
		The mystery is solved! Bruner House freed of ghost by El L. Bird. Demeroto now sleeps in peace. 1	Class room windows may now be closed. Slim Abbot has washed his feet. 2	Please return to Prof. Beckwith's room the bucket full of Alphas and Baters which Prof. so carelessly threw out. 3	Red Monahan chokes on a fish bone, while lunching at the cafeteria. As a result, the law association contemplates action, charging criminal negligence. 4	Northern forces annihilate Reserves, 6-0 in a spirited combat. No casualties, but Tommy Thompson was reported missing. 5
"Bull Hilton, the fire fan, leaves warm bed at 9:00 a. m. to get his usual ride on the hose cart. False alarm. Church bells. 6	D. M. Moore wishes to announce to the student body that he is a senior. 7	Latest returns indicate the decisive defeat of Jimmy Connor in the mayoralty contest. 8	We all looked our best and wore pleasant smiles, as we watched the birdie on "Bill" Frederick's camera while he snipped our visages. Fat Shoup even ran home to get his gold watch and chain for the event. 9	"Thoft, thoft, thoft" was heard above all the rest of the noise, as Mike's skillful musicians blew forth the sweet and melodious notes of "Atlantis." 10	Armistice day. Weather man declares war. Northern swamps Heidelberg in football, mud and snow. 11	We almost froze to death, but the weather was bearable, for when the snow and mud were scraped from the gallant gridders Northern had 15 points, while Heidelberg had a fine big goose egg for her share in the profits. 12
Due to a change in the weather, singing goloshes and "fishing" hose-lery made their debut. 13	"Boob" Gerhart again puts in his appearance after another week-end trip to buy us. We suggest that "boob" buy a Ford, and thus save the R. R. Co. the expense of having so many tickets printed. 14	It is reported that Prof. Fairchild contemplates an inspection tour of the Egyptian Sphinx and Pyramids, for the benefit of the mathematic sharks. 15	Ferd Behrens is again arrested for being on the streets after midnight. It might be a wise plan for "Cindy" to send Fred home a little earlier. 16	Much excitement! The night shirt brigade of Engineers and Pharmics start moving the town. Order was restored about 2 a. m. after which the remains were turned over to the constabulary. 17	Dr. Anderson fails to show appreciation when the Pharmics and Engineers acknowledge him by erecting a "Telephone booth" on his front lawn. 18	Northern loses a tough battle to St. Xavier's. For three periods, our boys demonstrated their superiority, but one quarter was enough for St. Xavier to get the "breaks" and the game. 19
Not much going, and besides, its raining, so we're sleeping in. Bear with us! 20	First day of final exams. The profs. already have started the system of separating the sheep from the goats. 21	Fall term ends with rejoicing, and most everybody leaves town for a week of Thanksgiving vacation. 22	THANKSGIVING 23 VACATION	Thanksgiving Day, and a victory for Northern. Wittenberg couldn't stand the fight, and thusly fell at the short end of a 7-0 count at the hands of our noble orange and black warriors. 24	THANKSGIVING 25 VACATION	THANKSGIVING 26 VACATION
THANKSGIVING 27 VACATION	Winter term opens with a rush. The usual scramble for the Registrar's office, and with everybody anxious to get back to classes. 28	Most of the important newspapers of Ohio place two of Northern's graders on the All-State Team. Praise to whom honor is due, for the boys are deserving of recognition. 29	Dr. T. J. Smull resigns his position as chairman of the athletic board. He has served faithfully for many years, and will now be relieved by Dr. Newton. 30

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
CHRISTMAS 1 VACATION	CHRISTMAS 2 VACATION	The ministers certainly reaped a harvest during vacation, for upon our return to Northern, we learn of many couples who have been made one by the process of marriage. 3	How can you expect us to write so soon after vacation? Give us another day and we'll be on the job with both feet. 4	Northern is defeated by the Rosenblums at Cleveland. The team received excellent treatment at the hands of the "Rosies" and were the guests of Max Rosenblum after the game. 5	Northern had another bad night, and lost to St. Ignatius by the score of 39-26. The Junior class selects their officers for the ensuing year. 6	It is with great pleasure that Delta Theta Phi announces the wedding of two brothers Thomas and Shellenberger. Double wedding in early June. 7
The report is current, that "Red" Carr is using lip stick, eyebrow pencil, and other cosmetics, in hopes of landing a woman. To our editorial mind, this is unseemly in a freshman. 8	High school stuff! Delta Sig pledges are seen wearing ribbons of green and white around their left ear, as part of their initiation. Why, brothers, why? 9	Cincinnati wins from Northern in a hot contest by the score of 36-34. The boys in orange and black played a fine game, and Von Spellman had another shot at the basket, which probably would have won. 10	We are given a treat in Lehr by the Devereaux Players who presented two fine plays which appeal to the theatre goers. 11	Prexy issues an ultimatum to the chapel hounds: "attend chapel and die." We sometimes wish that Prexy would give us the same sentence, for it is so hard to get out early enough for chapel. 12	Lawyers are getting practice for divorce cases at the Franklin Literary Society. Decree of divorce granted to "Gracie Salm." Grounds? Coffee! 13	Engineers receive new Studebaker motor. Dean Aiden is seen with his sleeves rolled high, performing his Saturday morning duties around the Lab. 14
Green marks are making their debut around some of the girl's fingers. The reason is that the rings weren't purchased from a reliable jeweler, or else they didn't cost enough. 15	One of the "Wood House" girls was severely reprimanded by Prexy for detaining a certain young man after 10:30 last night. We hesitate to mention names, but cannot refrain from saying that her name carries with it a "ticklish" sensation. 16	Today we noticed an advertisement which might interest Prof. Harrod. "If your classmates are too familiar, see us. We teach choice brand of sarcasm which is guaranteed to give results. After using for awhile, your students wont speak to you on the street." — Dignity and Grandeur, Publishers. 17	Walter Zimmerman indignantly asserts that he is not descended from an ape. Maybe he has the right to think he ascended from one. 18	Mike's jolly minstrels create quite a sensation in Lehr, as the walls fairly shook with laughter. Sorry to say that some of the audience were horrified by the jokes presented by Jerry and Tillie. 19	Basketball team loses first game on down-state trip to Ohio U. Mid-terms end today, and everybody is well satisfied with the results. 20	Inquisitive freshman wishes to know what the "K. W." stands for on the Kappa Psi jerseys during the Kappa Psi-Delta Sig game. We refer him froth to Prof. Schoonover for instruction in Greek. 21
Morton Pugh and Dorothy McGinnis are joined in the holy bonds of matrimony. We feel sure that the old fairy tale ending "and they lived happily ever after," will apply here. 22	Headline: Mary Phillips entertains numbiga. We wonder if this numbiga is. Won't you please explain, Mary? 23	Prominent ex-member of the movie censorship board, who resigned because of alleged immodest pictures, was seen to occupy a seat well down in front of Lehr auditorium this evening. 24	'Our boys' defeat the fast New York National outfit by the close score of 31-28. This was really a hair-raising session, and we were a nervous wreck, when the final whistle blew. 25	New York Club holds smoker. Quite a large percent of the members were present to enjoy the excellent program and delicious refreshments of the evening. 26	Rumors are confirmed that Prof. E. A. Harper is a candidate for the Lieutenant Governorship. The campaign has started and a grand victory is anticipated for Prof. 27	Northern shows her appreciation of the work done by the gridiron warriors, by staging a banquet in their honor. Speeches by Dr. Smull and 'Buck' Segal featured the occasion, and the event was enjoyed by all. 28
The morning after the night before! The little brown jug had been replaced by the little green oil can, and judging from the effects, it must have been some oil. 29	Donald I Cobb has been elected to the office of Chief Magnificent Trumpeter of the Rappa Empire Home. Also Bay B. Baur has been honored with the position of Royal Insuperable Gazooker. 30	Girls basketball team organizes. Their kind protector, Dr. Newton, has ordered the men to stay out of the Gym from one to three in the afternoon. 31

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
			<p>1</p> <p>Prexy presents four simple words in chapel for correct spelling. How could he expect us common students to spell them correctly when even the faculty missed.</p>	<p>2</p> <p>Miss Lucille Mayo, impersonator, gives an excellent demonstration of her ability along these lines. Dean Killen, Dr. Anderson, and others came in for their share, but the real hit was made when she transformed herself, seemingly, into a two weeks old baby.</p>	<p>3</p> <p>Northern defeats Wilmington College by a 23-19 score. Although we like to see a Northern grad make good as a coach, yet we don't want "Chic" Harper to give us another scare like that one.</p>	<p>4</p> <p>The report comes from Brice Burnett's barber shop that Ike Huden is an Eskimo and hails from Labrador. We were under the impression that he was of Hebraic extraction, but we stand corrected.</p>
<p>5</p> <p>We are grieved to learn of the painful injury which Mrs. Whitworth sustained, due to a fall on the ice. We all hope for a speedy recovery, and that the pleasant smile will again soon be seen behind the registrar's window.</p>	<p>6</p> <p>The orators who are to give the addresses on Washington's Birthday are chosen. The Literary societies and the Law Association each select one from their number.</p>	<p>7</p> <p>Does Erma Winters room in the chemistry laboratory? The reason we ask is because she was heard to make the remark that she was going to the lab. to get her unknown off.</p>	<p>8</p> <p>Co-eds already begin to receive valentines from the boys who are patiently waiting back on the farm.</p>	<p>9</p> <p>We are still being inspired, and helped along life's dreary way by the sermons of Dr. Bert Smith of Chicago. We wonder, from the splendid lectures, if he can be a relative of our own Prexy.</p>	<p>10</p> <p>A novel entertainment, in the shape of a bad-luck banquet, is staged by Sigma Chi. A black cat, pieces of a broken mirror for place cards, etc., were the inviters of ill-fortune.</p>	<p>11</p> <p>Northern cagers show championship form, and knock off Otterbein 36-29. Another game is thereby registered on the right side of the book, for which we are duly thankful.</p>
<p>12</p> <p>Lincoln freed the slaves of the South, yet the slaves of the professors must go to class on the anniversary of his birth. "Taint" fair, say we!</p>	<p>13</p> <p>Prof. Carrie Wilson arises in all her just dignity and wrath to condemn the vile art (?) of smoking, as demonstrated at the football banquet. We quote: "Are some of the young men of O. N. U. less educated, or are they more thoughtless than in former years?"</p>	<p>14</p> <p>The Engineers are as busy as a one-armed man trying to button a glove? Why? Because this is the opening day of Engineers' week. An unusually fine program seems to be in store for everyone interested.</p>	<p>15</p> <p>One of the best lectures heard in recent years, was the one given by Tom Skelton, Australian soldier. The large audience was given a closer insight into Russian conditions as they really exist.</p>	<p>16</p> <p>A large percentage of the co-eds are seen to be following the fashion set by Rat Shank in the matter of wearing gray silk stockings. Even the stock dealers show a preference for gray calves.</p>	<p>17</p> <p>The one big social event of the season was staged this evening. We refer to the Engineer's banquet. From what we understand, the tables had more "eats" on them than the ladies had clothes.</p>	<p>18</p> <p>The joy of life was removed in great hunks and bundles, when the Northern cage stars were defeated by Wittenberg. We have to admit that the men with the "W" on their jerseys were real basket ball players.</p>
<p>19</p> <p>This is Sunday, and we were out enjoying the fresh air. While doing this, we encountered many young couples strolling. We aren't kicking but why shouldn't the fair sex be divided somewhere near equally?</p>	<p>20</p> <p>C. G. McCorkhill publishes another poem entitled "Spring is Near." Quite a number of enthusiasts greeted its appearance.</p>	<p>21</p> <p>Today's issue of the "Review" clears up the charges of alleged professionalism against Louis Vinson. We are more than delighted to learn this accusation is false, for every such statement is a direct insult against Northern.</p>	<p>22</p> <p>Jerry, Squirt, Dewey and Red Darnell enjoyed a rabbit hunt. They were quite silent concerning the results, but later, Red admitted that they bought three, and scared ten.</p>	<p>23</p> <p>Nellie Fast has at last selected her pictures for "The Northern," after three days' deliberation. Students who are inclined to complain about the late appearance of the "Northern," take notice.</p>	<p>24</p> <p>Great bursts of oratory flow forth in Lehr auditorium. In the varsity debates, sitting in trim to meet Otterbein and Heidelberg.</p>	<p>25</p> <p>"Review Gets Rich!" So said editor Kane in one issue, but he finishes by saying that it happened only in Prof. Long's dream. We're sorry it wasn't real, for we're editors ourselves.</p>
<p>26</p> <p>Most of the Senior Engineers are back in Ada enjoying a little rest after the strenuous week of inspection. They report a good time, and much knowledge acquired.</p>	<p>27</p> <p>New discovery! Mt. Jewett, Pa. dialect, as propounded by W. P. Eshbaugh: Eshbaugh bestrode a "gowl" to the Superior Restaurant, where he "go the axe" for a "cup o' ja-mok," "gaffled" a "gump," and upon his return home, threw himself upon the "flop."</p>	<p>28</p> <p>New sights around the campus. Merle Springer and Veva Brown appear with hair parted, giving up the long then locks for the present day styles.</p>

MARCH

1922

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
			March winds bring forth the flowers of the campus. By present indications the dandelions will be as thick as ever this year.	The first annual production of the Northern Follies was presented in Lehr. Tony Muto proved to be the star of the evening, and won first prize on his impersonation of the Wop.	Otterbein's scalp taken by Northern debaters, who outclass their opponents on the subject of "The closed shop". At the same time, the affirmative team lost to Heidelberg.	Members of Theta Nu Epsilon, Sigma Pi, and Delta Theta Phi present smoker in honor of the departing coach, Charles Bonner, who concludes his activities at Northern as physical instructor and coach.
Church services were very dismal owing to the fact that the bright and smiling countenance of Charles Wilkes was missing. Charles was out till late the night before and we hate to see his wonderful record ruined.	Ransom Skinner neglected walking home with his beloved today, and just think of all the books the poor girl had to carry.	Baseball candidates report for first practice. Bad weather prevents practice on the field, so the gymnasium resounds with the noise of ball and bat.	"Squirt" Fisher is elected basketball captain for 1922. "Squirt" is an athlete of rare ability, and is very popular with the students who are pleased with his election.	Several members of the Senior class, John Osmon, Margaret Fairchild, Grace Ingledue, and Ruth Shank, were honored by having the respective roles of orator, prophetess, poetess, and historian bestowed upon them at the Senior election.	Men's Glee Club perform in Dunkirk with remarkable success. Dunkirk seems to be an annual attraction for the Glee Club, and it seems as though many of the students are interested also.	
After an evening of hard labor, the Annual staff enjoys a little feed of ice cream and cake. Needless to say, this is where the Annual proceeds go.	Big Slam Bang contest on in Brown Gym. "Cutie" Shoup, the masterful wrestler, had a shade on "Iron eating Ike" Huden in the principal act of the evening.	Harold Shellenberger, a popular member of the Senior Law class, was elected president of the Law Association for the Spring Term.	T. N. E.'s break forth, and challenge the Delta Theta to a baseball game. It was mutually agreed that side arms would be abolished during the contest.	Dr. Smith is given a rousing send-off, as he leaves for a tour of Texas, and the southern part of the United States.	Prof. Killeen starts St. Patrick's day by entertaining the chapel assemblage with several Irish songs. His performance was well received, especially by the "Micks."	Practice day for the billiard players. It is evident that a better "English" is used at the Brunswick than in the class room.
Another melancholy Sunday, with the Blue Laws in effect. Of course there was no place else to go, but to church.	The greatest surprise of the season. John Davison JR. is seen walking down the campus by himself alone. John, you must not let this awful thing happen again.	Hill Building again produces the valedictorian of the Senior class. The Northern Review makes popularity contest for 1922.	Good eats!! Three cheers for The Ladies Aid!!!, and numerous other frolics were presented in chapel by the delegates to the Student Volunteer Convention.	Ike Huden announces the patent of a new test tube brush. He says that he will allow everyone to see its merits, he is exhibiting it on his upper lip.	Prof. Mazzulla and his band, officiated in the chapel this morning. Mike Mazzulla's band of brass notes, which is the leading band in the State.	The baseball hounds are out on the field chasing the Judge from appearances, Northern will have a fast team.
Seven lawyers go to church at the same time, and the behavior was the same, but a decided send-off in the collection was noticed.	Ten basketball men were awarded with letters. The season just closed, was a successful one for Northern, altho she did lose several games.	Y. M. C. A. president, Howard Meyer, gives report to the 47th annual state convention of the Y. M. C. A., held at Springfield.	Clyde Wolfe is elected to manage the basketball squad for 1922. Dr. Newton concludes the scheduled game, today.	Men's Glee Club is the chief performer of the day. Many selections were presented in a pleasing manner, and from all appearances, the audience was well satisfied.	This is the end of the bunk column for 1922, and if it contains anything which does not entirely merit your approval, consider it as a joke, for we all must have some fun, even if it is at your expense.

A Gateway to Progress

There it stands—a simple forty-foot gateway but unlike any other in the entire world. Through it have come many of the engineering ideas that have made this an electrical America.

The story of electrical development begins in the Research Laboratories. Here the ruling spirit is one of knowledge—truth—rather than immediate practical results. In this manner are established new theories—tools for future use—which sooner or later find ready application.

The great industries that cluster around Niagara Falls, the electrically driven battleships, the trolley cars and electrified railways that carry millions, the lamps that glow in homes and streets, the household conveniences that have relieved women of drudgery, the labor-saving electrical tools of factories, all owe their existence, partly at least, to the co-ordinated efforts of the thousands who daily stream through this gateway.

Heard in a local tailor shop.
Tailor (measuring Sowash) : And how will you have the hip pocket?
For a flask or revolver?

Mary Kathryn R.: "I see Eddie Williams is a regular sport. He's got a bunch of new suits and everything."

John Bauknecht: "That's nothing"—I've got a pocket full of nickels, but I'm no conductor."

Customer: "I should like to try on that suit in the window."
Clerk: "Sorry, but you'll have to change your clothes in the dressing room."

"Why does "Red" Carr part his hair in the middle?"
"Because every block has an alley."
